

# Preventing The Spread of COVID-19

## ISOLATION

For individuals who test positive for COVID-19

### Determine Day 0

(This is your first day of symptoms or if asymptomatic, the day of positive test.)

Stay home through Day 5.

This is a total of 6 days counting Day 0 .

If you have no symptoms, or your symptoms are resolving after Day 5, you can leave your house provided you continue to wear a well-fitting mask around others through Day 10.

If you have a fever, continue to stay home until your fever resolves.

Monitor your symptoms. If you have an emergency warning sign (including trouble breathing), seek emergency medical care immediately.
