

MAPC/Sudbury Taxi Ride Program
Analysis to Date (January 2021)

Registrants

Of 78 people registered, 90% are 50 years of age or older; 42% are persons with a disability (temporary or permanent); and 42% are financially vulnerable. Note that these are overlapping categories. There is one active veteran registered and riding.

Destinations

As expected, the majority of rides (48%) are to healthcare appointments; additionally, 7% are for prescription or other medical supply shopping. Grocery shopping accounted for 24% of rides, work for 12%, and “social” (a miscellaneous category) for 9%.

Costs

The graph illustrates the number of rides by cost groupings. For Tommy’s Taxi, nearly $\frac{3}{4}$ of rides cost between \$30 and \$79. For JFK sedan (not including WAV), 60% of rides cost between \$10 and \$49 (44% between \$30 and \$79). JFK provided 21 WAV trips at \$3,780 total.
